**QUESTIONS CONCERNING ASSIGNMENT OF
DEPUTY DIRECTOR, NPIC**

1. Insofar as DIA is concerned, what basic purposes are served by keeping a military representative in the assignment of Deputy Director, NPIC?
2. Is DIA's interest primarily as an administrative holding agency for the space and records of the individual so assigned?
3. When policy problems affecting DIA or DoD arise in the Director's Office, NPIC, is the Deputy Director supposed to reflect his own views, with no particular home base in mind? Or should he reflect what he believes the DIA view to be?
4. Is he free to contact various DIA and DoD offices on problems as he considers appropriate? Or is he limited to one office? If so, what is the office?
5. Does any one office in DIA have a responsibility for keeping him current and providing him with DIA views on problems affecting NPIC?
6. Is he authorized to see DIA and JCS working papers on matters affecting, or of interest to, NPIC?
7. What is the relationship between the Deputy Director and such DIA liaison personnel or detachments as may be assigned to NPIC?
